

SHRI SHIVAJI EDUCATION SOCIETY AMRAVATI'S
SCIENCE COLLEGE PAUNI, DIST. BHANDARA

INTERNAL QUALITY ASSURANCE CELL (IQAC)

FACULTY DEVELOPMENT PROGRAM (FDP)

In recent days we are witnessing fast growth and development in all the fields, specifically in science and technology. To cope with the fast development, it become necessity for the teachers, working in higher education, to be updated with the tools and techniques designed in the field of education. Now-a-days, global sharing of information is possible through the Website, that become the essential tool to every institution. Our institution is also having own website which is dynamic in nature. However, the website needs to be updated frequently by the institution by uploading the documents of various activities organized.

The institution is having good human resource; however, it is necessary to make the faculties aware of the uploading of the documents at the website domain of the college. Distribution of work to the different sections will serve the purpose of completing the task in a time bound manner.

With the aim of decentralization of work and enhancing work efficiency, the IQAC decided to organize one-day workshop on "Web Development Process" for making the faculty aware of framework of website and keep it up to date by sharing information of different activities on it. Hence, all the teaching faculties of the institution are informed to remain present in the workshop as per the schedule given below.

Detail schedule of the workshop:
